Sr. No .	Tender Sectio/ Clause	Tender Condition	Queries/Suggestions of Tender	Decision taken
1	Section 6 General Insruction and condition to the tenderer sr.no.1 -A	"Only branded pulp based Paper manufacturers JK Paper Ltd., Tamilnadu Newsprint & Paper Ltd. (TNPL), Ballarpur Industries Ltd, ITC PSPD Ltd., Century Pulp & Paper, The West Coast Paper Mills Ltd, Seshasayee Paper & Board Ltd, International Paper APPM Ltd., Orient Paper & Industries Ltd., Yash Paper Ltd., Khanna Paper Mills Ltd., Star Papers Mills Ltd., Trident Ltd., Bindal Paper Mills Ltd.& Silverton Industries Ltd. and/or their authorized distributors/dealers/agents are qualified to fill and submit the tender."	<p>This restricts the participation to only those mills which are named either directly or through their distributors, agents or dealers there by restricting competition & almost higher pricing. As per the Indian pulp & paper Technical Association, Saharanpur, there are around 454 Registered paper Mills in India. Requesting the participation of just 15 mills will be unfair to others. List of mills is enclosed for your reference please.</p> <p>Mills are mainly divided in to 3 category is Wood pulp based virgin pulp, Agro based virgin pulp & Waste paper based mills.</p> <p>These mills can be further divided as per their pulping units, paper quality, machine run ability, and printability. Normally in these tenders it is very difficult to compare between the best quality virgin based paper mill vise versa, the waste paper based unit as their (waste paper based) paper will be of low price but performance will be also very low/poor.</p> <p>We thus propose more transparent process, where in the list of specific paper Mills are removed to ensure fair competition and reasonable prices for the department.</p> <p>This will allow a fair play within the competent paper Mills and reasonable quality with much lower prices and improved quality and better delivery schedules upgrading the performance of the BMC printing press.</p>	Tender condition prevails
2	Section 6 General Insruction and condition to the tenderer	Pre tested sample report - a)Tenderer must test and upload the original copy of pre-tested sample report of "Various	<p>It has been seen always that the Mills or the agents will send good samples to get proper results, however their supplies will be of poor quality.</p> <p>Also note that performance can be seen from the various papers qualities like</p>	Tender condition prevails.

sr.no.25- B (5)		<p>Papers” as per given Annexure for TESTING PARAMETERS, from any Govt. / Govt. approved /laboratory having NABL accreditation for testing of paper and pulp, along with the tender.</p> <p>b)The date of pretesting shall be between the start date of the tender and End date of the tender.</p> <p>c) The tenders received without pre-test report will not be considered.</p> <p>d) If the sample report from the Govt./ Govt. approved /lab having NABL accreditation is not found “satisfactory”, i.e. Not found as per BMC specification and requirements, the tender shall be considered as Non responsive.Non responsive.</p>	<p>smoothness, curling, dust, speed response, Ink absorption which can be seen only by checking it on your copier/printing machines.</p> <p>We strongly recommend the testing/checking on your machine for quality assurance: All bidders may be asked to submit physical samples directly to CPD which can be tested on the existing printing press machines and copiers at the printing press. Further only those sample that have successfully passed the trials should be considered for further evaluation.</p> <p>Once the samples passes the Test, BMC may send those samples to an NABL-accredited laboratory of its choosing for further checking.</p> <p>This will significantly increase the integrity and transparency of the tender.</p>	
3	-	-	<p>Also note that Watermark as a Security Feature can be incorporated in Copier Paper and Maplitho Paper, considering the genuinely and official nature of documents printed by BMC.</p> <p>We can make the watermark in your format. This helps in Protecting against unauthorized duplication, Enhanced authenticity and traceability, reducing risk of misuse of official printed materials and creating stronger brand identity for BMC official documents.</p>	<p>. Tender condition prevails.</p>

1	Section 6 General Insruction and condition to the tenderer	"Only branded pulp based Paper manufacturers JK Paper Ltd., Tamilnadu Newsprint & Paper Ltd. (TNPL), Ballarpur Industries Ltd, ITC PSPD Ltd., Century	Expanded Suggestion- We respectfully propose the following amendments for a more transparent and technically sound tender process Remove the list of specific mill names. Restricting the tender to certain mills	Tender condition prevails

	sr.no.1 -A	Pulp & Paper, The West Coast Paper Mills Ltd, Seshasayee Paper & Board Ltd, International Paper APPM Ltd., Orient Paper & Industries Ltd., Yash Paper Ltd., Khanna Paper Mills Ltd., Star Papers Mills Ltd., Trident Ltd., Bindal Paper Mills Ltd.& Silverton Industries Ltd. and/or their authorized distributors/dealers/agents are qualified to fill and submit the tender."	may inadvertently limit fair competition and may not ensure the best value for BMC. These measures will ensure: A level playing field for all accredited and technically competent mills Reliability in supply quality over the duration of the contract More accurate price comparison between bidders Improved paper performance in the Municipal Printing Press's existing machines	
2	Section 6 General Insrtuction and condition to the tenderer sr.no.25- B (5)	Pre tested sample report - a)Tenderer must test and upload the original copy of pre-tested sample report of "Various Papers" as per given Annexure for TESTING PARAMETERS, from any Govt. / Govt. approved /laboratory having NABL accreditation for testing of paper and pulp, along with the tender. b)The date of pretesting shall be between the start date of the tender and End date of the tender. c) The tenders received without pre-test report will not be considered. d) If the sample report from the Govt./ Govt. approved /lab having NABL accreditation is not found "satisfactory", i.e. Not found as per BMC specification and requirements, the tender shall be considered as Non responsive.Non responsive..	Expanded Suggestions A. Introduction of Mandatory Machine Run Test by BMC We strongly recommend the following procedure for quality assurance: 1. All bidders to submit physical samples directly to CPD. 2. BMC to conduct a Machine Run Test on these samples using the existing printing presses and copiers at the Municipal Printing Press. 3. Only those samples that successfully pass the machine trials should be considered for further evaluation. This approach ensures: Actual operational compatibility Reduced machine downtime Lower wastage Improved print quality and consistency B. Laboratory Testing to be Conducted by BMC for Shortlisted Samples Once samples pass the Machine Run Test, BMC may send those samples to an NABL-accredited laboratory of its choosing. This guarantees: Uniformity in testing Neutrality in assessment Standardised results for all bidders This approach significantly strengthens the integrity and transparency of the tendering process. during the pre-bid meeting.
